

## DODO JUICE CRYSTAL BUCKETS

# PLEASE READ BEFORE USE

Thank you for purchasing this Dodo Juice bucket. However, please be aware that it needs a little more looking-after than a normal bucket. This is because it is made from clear 'crystal' polypropylene, a material made for **LIGHT USE** (i.e. washing a car). It is more fragile than usual.

- **FIRSTLY**, check the bucket **BEFORE** applying any vinyls. Inspect the base to see if any cracking is visible. Next, fill up with water (outside) and see if any leaks occur. If the bucket is leaking, email [theDodo@dodojuice.com](mailto:theDodo@dodojuice.com) and we will replace the bucket or issue a refund. These buckets are susceptible to courier damage and care needs to be taken during transportation.
- Washing your car is considered **LIGHT USE**, but to avoid issues with cracking, damage or leaking, please note the following:
  - Do **NOT** place the bucket on uneven ground; it must be used on flat ground free from stones and protruding objects (we suggest the use of a lid, mat or wheeled dolly)
  - **DO PLACE IT ON THE LID PROVIDED** if at all possible
  - Do **NOT** fill the bucket up fully; we suggest no more than two-thirds or three-quarters full
  - **ONLY** pick the bucket up by its handle, not by the rim. Be particularly careful when emptying the bucket.

We offer a guarantee on this bucket for 90 days from the date of purchase, assuming reasonable use. If breakage occurs in this time, we will replace the bucket or refund the cost of the bucket (but not the cost of carriage). No returns can be accepted beyond this period. Email [theDodo@dodojuice.com](mailto:theDodo@dodojuice.com) for refunds or if you have questions about this product. Thank you.
